

Hot-rolled WG5 / WG8

[> Web link](#)**Model**

Hot-rolled WG5 / WG8

Product description

Material thickness = 4 mm / 8 mm

Max. dimensions: WG4: 3980 x 1480 x 4 mm, WG8: 3980 x 1480 x 8 mm

Individual surface structure of hot-rolled stainless steel

Edge design: cut or ground on the front side

Basin welded in with a very fine bevel at the basin transition

L and U angles depending on the dimensions in one piece possible

L- and U-brackets with plug-in connection possible

Best possible heat resistance due to material thickness

No sink pressings

Overdimensions on request

Installation recommendation: use crossbars

Newly available with **sTec coating** for anti-fingerprint and easy-to-clean properties. Learn more **here**.
