IceDesign? ID5 / ID8

Product description

Material thickness = 4 mm / 8 mm

Max. dimensions ID4: 3950 x 1450 x 4 mm, ID8: 4950 x 1450 x 8 mm

Individual surface structure of hot-rolled stainless steel

Shiny hard chrome plated

Edge design: cut or ground on the front side

Basin welded in with a very fine bevel at the basin transition

L and U angles depending on the dimensions in one piece possible

L- and U-brackets with plug-in connection possible

Best possible heat resistance due to material thickness and hard chrome-plated surface

Very robust and almost scratch-resistant surface

No sink pressings

Overdimensions on request

Installation recommendation: use crossbars
