

## Touch Flow for retrofitting

To retrofit the Touch Flow drain valve, the following criteria must be met:

- 1** To install a Touch Flow valve in your sink, a covered overflow must already be provided.
- 2** Your sink must also have a strainer insert of 110 mm or 130 mm and the bowl must have a width of at least 340 mm.
- 3** Do you have an unused single outlet available under the bowl to connect the valve? Yes No  
If needed, we will supply a power strip
- 4** Any hole for a pull-up knob will be closed with a chrome-plated sealing plug  
(sealing plug item no. 40 000 937-F, price CHF 20 each excl. VAT)

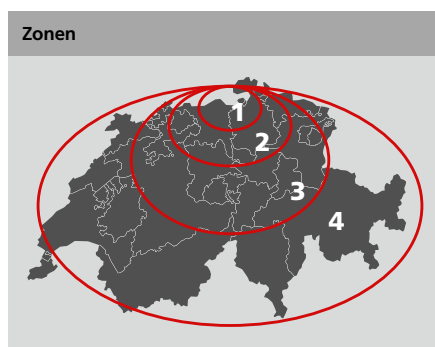

Item no.	Service description	Price in CHF
<b>40.001.699 F*</b>	Type S 110 mm polished	321 each (excl. VAT)
