Descrizione del prodotto

Materiale
Lavelli in granito Cristalite Plus: I lavelli si compongono all'80% di quarzo, la parte più dura del granito. Il granito viene legato con acrilico di altissima qualità. La composizione di acrilico e granito rende i lavelli resistenti ai graffi e alla sporcizia garantendo una lunga durata.
Disponibile solo per montaggio a filo top.

Montaggio a filo top: Consiglio per la scelta del piano di lavoro
Consigliamo il montaggio nei piani di lavoro in ceramica, granito, pietra artificiale (per es. Corian o Varicor) oppure in legno massiccio. Sconsigliamo la posa in pannelli di truciolato rivestiti.
